tion, power, fraud, venality, and corruption. The gallant Democracy entered the con-test against most fearful odd; unawed by powe recorning the allurements of office and Government spoils, they pressed nobly on, and proudly and nobly rescued a violated Constitution from the hands of ruthless despoilers. The friends of constitutional and civil liberty throughout the entire land will return them heartfelt thanks for the noble stand they have taken, for the glorious victory they have won.

the world has never known-a triumph of constitutional and civil liberty over usurpa-

Gentlemen may try to evade it, and say these were not the issues. Why, sir, in the Empire State of New York we know the issue was made squarely upon the last two proclamations of the President, among other things. I remember that a very large meeting, at Brocklys, passed a resolution directly condemning the President's emancipation proclamation as unconstitutional and wrong in every form; and their gallant standard bearer, Mr. Seymour, took that position, and Mr. Wadsworth, the Opposition candidate, took the opposite ground. The result is be-fore you. The Democracy triumphed; and, sir, I do expect the same result will soon follow in Connecticut and some States further north. I believe New Hampshire holds an election next spring. I expect Democratic victories all the way along up to the Canada line from this time forward. Mr. CLARK. Will the Senator pardon me

Mr. CLARK. He gave them this advice: to go home and vote the Democratic ticket, and that would end the matter. [Langhter.]
Mr. Powell. That may be. If that will end it, I hope everybody will vote the Democratic ticket; for I want to end the war and restore the constitutional Union,-I want the war to cease, the States to be reunited, and the Constitution, with all its guarantees, restored everywhere; but if the

Mr. President, I have said all that I desire to say on this subject. I trust that in the remarks which I have submitted, while I have spoken with a little zeal, I have not been uncourteous to anybody. I do not desire to be so. I desire however, to speak plainly and candidly what I think, without injuring the feelings or sensibilities of any Senator. I accord to all the freest privilege of criticising any and everthing I say. If I think the Chief Magistrate of the nation violates the Constitution of my country, it is not only my right but my duty to say so, without being obnoxious to a charge of disloyalty, as the Sevator from Indiana seems to indicate. He thinks that a man who is against the Executive is not loyal. Sir, I had supposed that a man's loyalty was to be tested by his devotion to the Constitution and laws of his country, and not to an indi-vidual. I have no doubt that when Csesar crossed the Rubicou, to overthrow the liberties of Rome, his followers said that that man was a traitor who doubted the will of Caesar. I have no doubt that wherever constitutional liberty has been stricken down by the hands of tyrants, they have put the same speech in the mouths of their follow-

A compound remedy, designed to be the most

effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of sail greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will citizens. " How completely this compound will do it has been preven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PINPLES, BEOTCHES, TUMORS, SALT REEM, SCALD HEAD, SYPHILITS AND SYPHILITIC APPECTIONS, MERCURIAL DISEASE, DROFST, NEURALGIA OR TIC DOUBOURDUX, DEBILITY, DYSPERSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF тик Вьоор.

This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcarous through which the restaurant to sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural chaimels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of

life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla

or any thing else. During late years the public have been mis-led by large bottler, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatev-Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be ju liciously taken according to directions on
